4) Short story about Adam and Eve

Day 6

God created all of the birds and animals of the sea before creating the land animals. All creatures that crawl on the ground were included in this, comprising all reptiles, amphibians, mammals, and non-flying birds.

On the sixth of creation, God also created us, which is a very significant creation. God created everything else in the universe with the sound of His voice, but He created people in a different way. God only created Adam at first. God gave Adam the power to rule over every animal He had created. Adam differentiated himself from the animals by being more intimately connected to God.

God created many different animals. God created humans in his image and gave them the responsibility of looking after all the animals. God knew that Adam would get lonely if he was left alone on the earth. So, God created Eve. This was the day that God created woman.

5) Ask them what did they understood
